

This is the hardest decision you'll make...

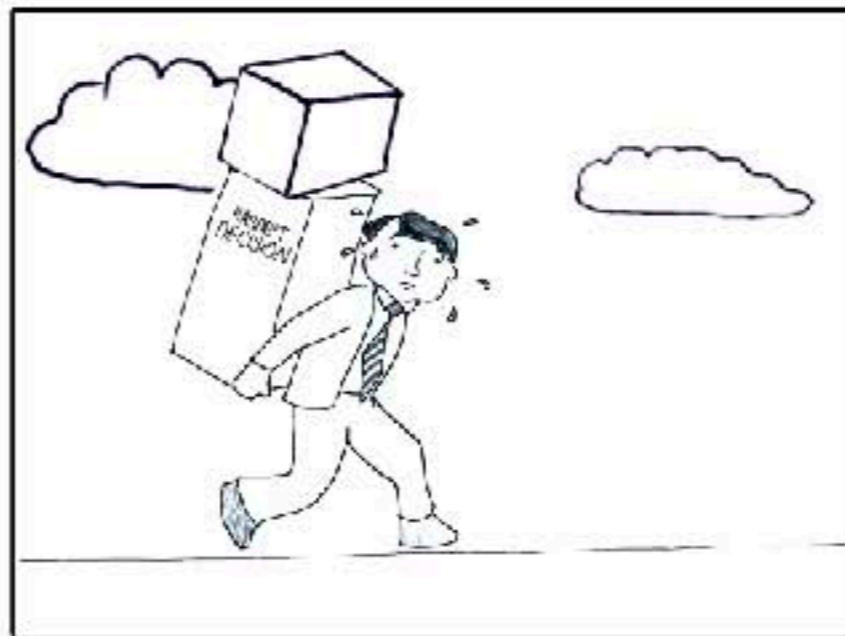

At risk? Your entire applications environment...you're struggling with.

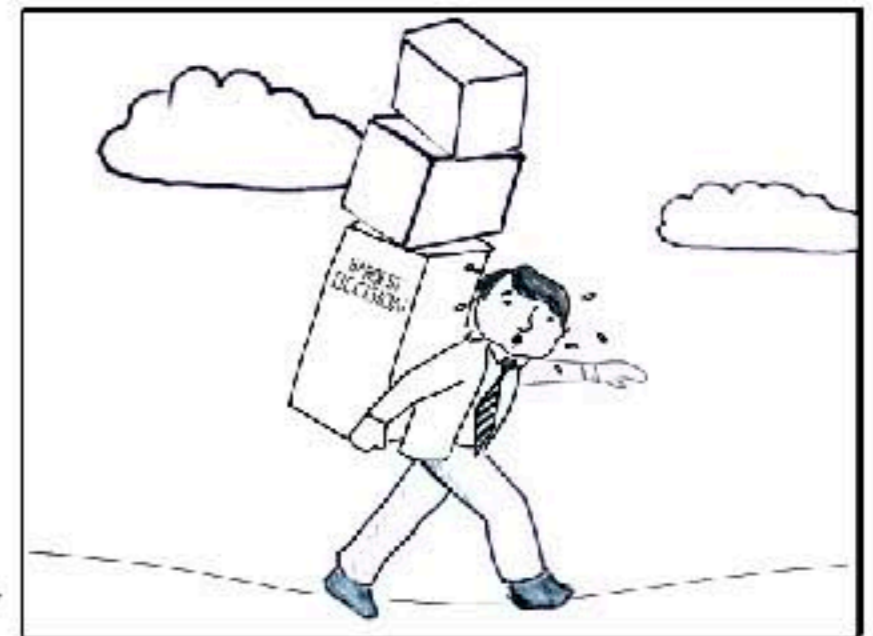

CIO VO: How do I handle all of my historical data?

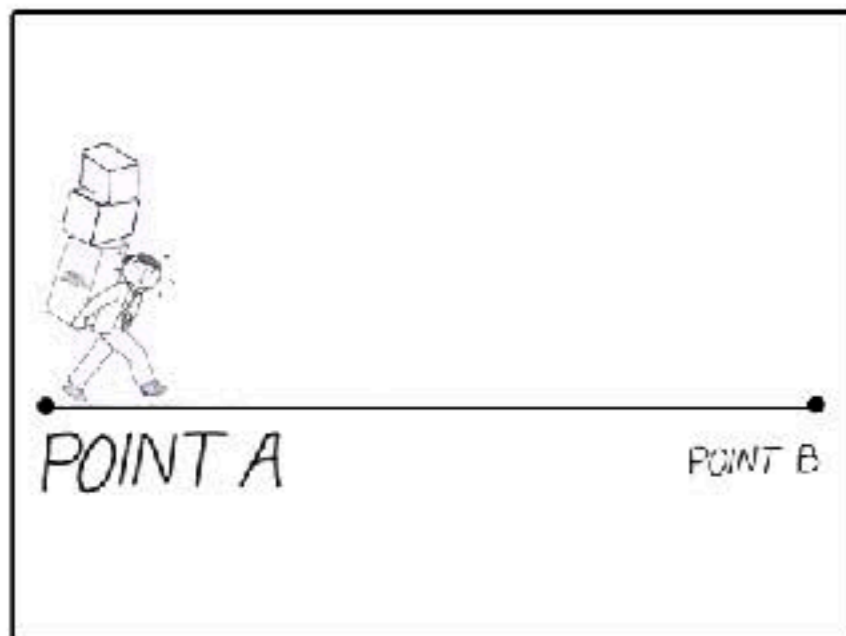

How do I unhook & re-hook all of my existing processes?...

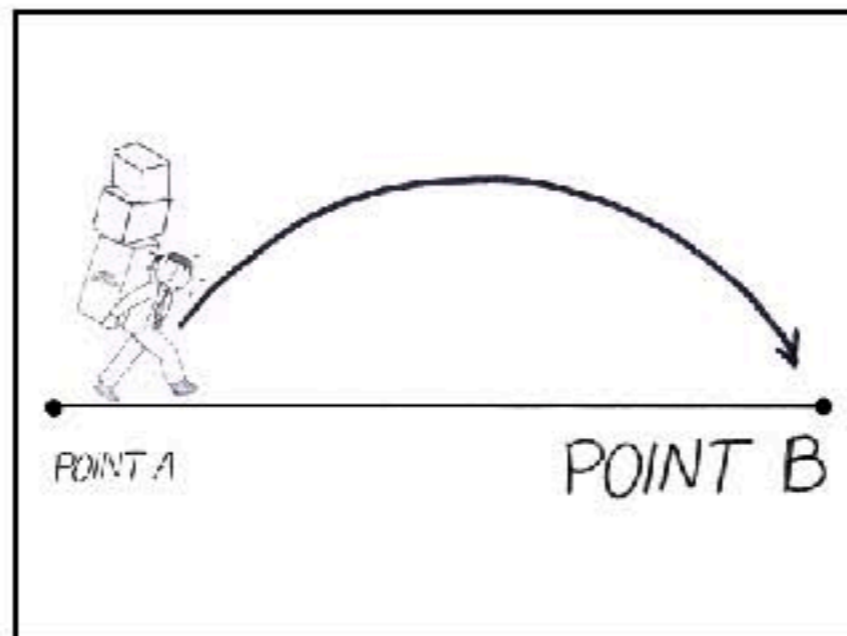

How can I give my insurance functions the Business intelligence....

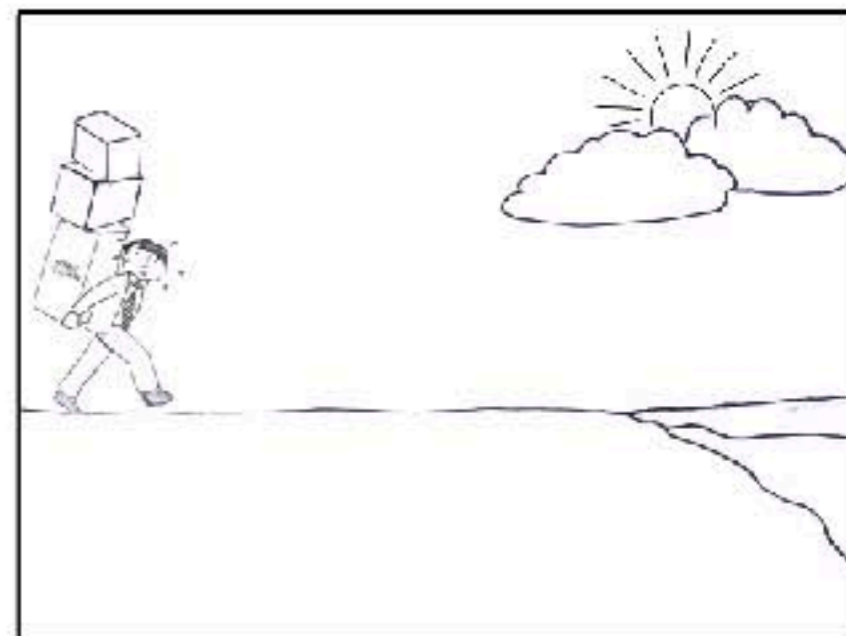

...they've been hounding me for when I'm in the middle of conversion?

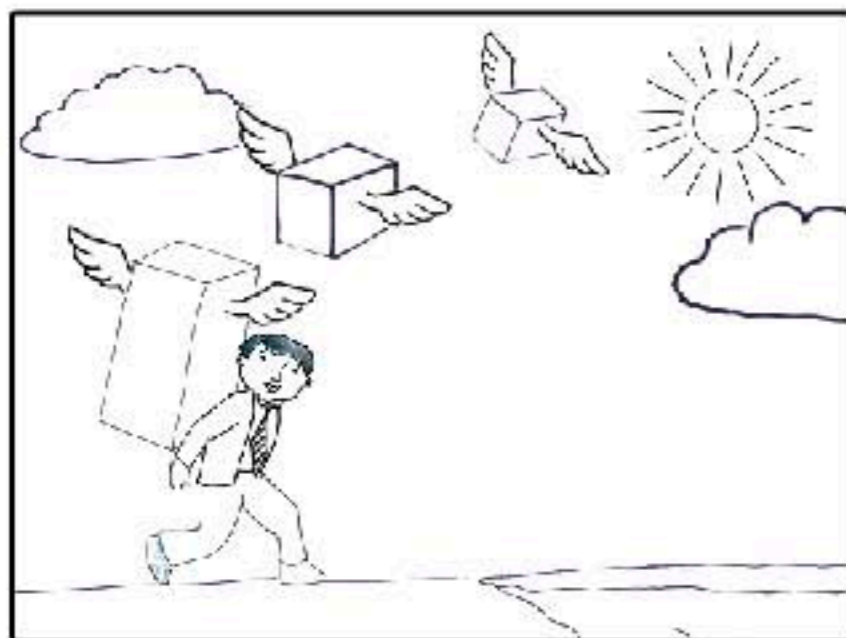

What is the best way...

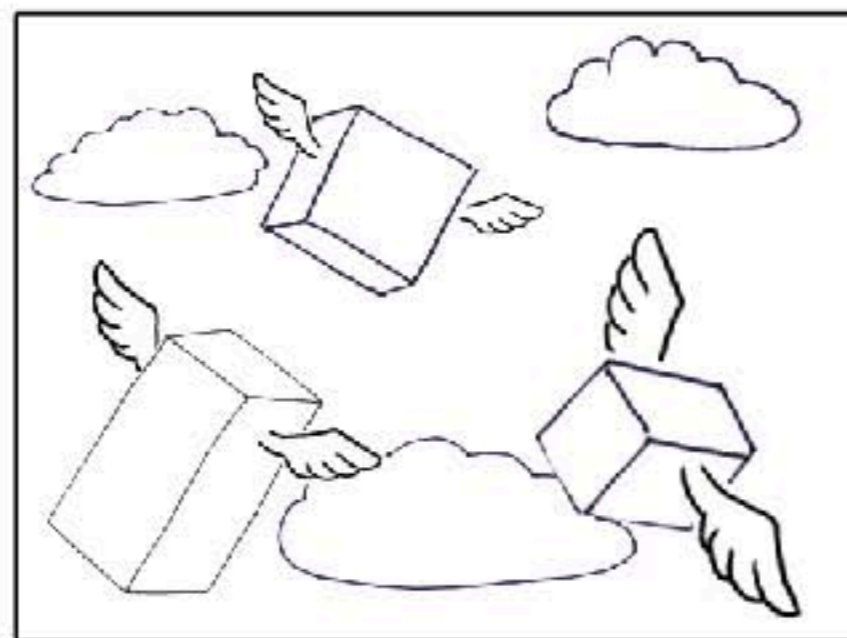

...to get from Point A to Point B

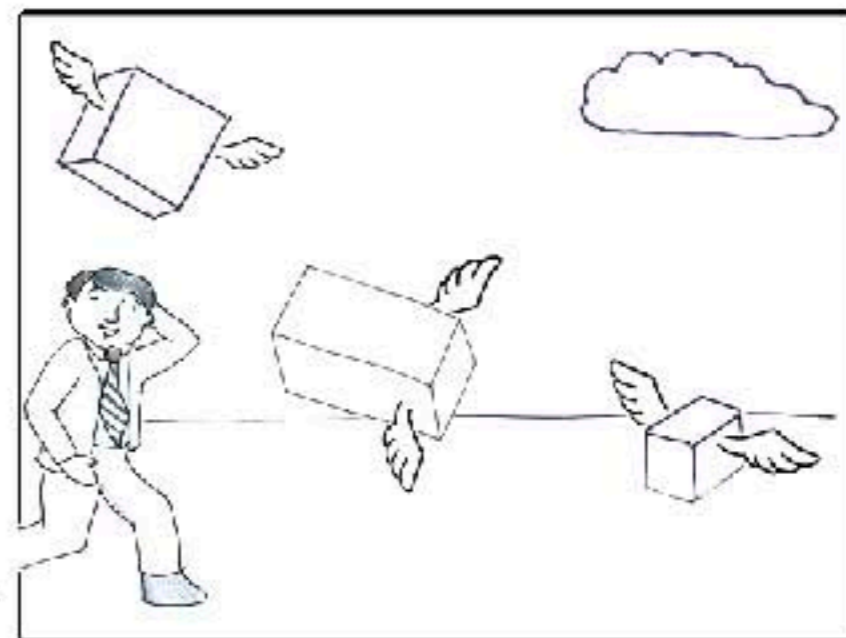

...without losing everything...
Anything? And with no disruption...

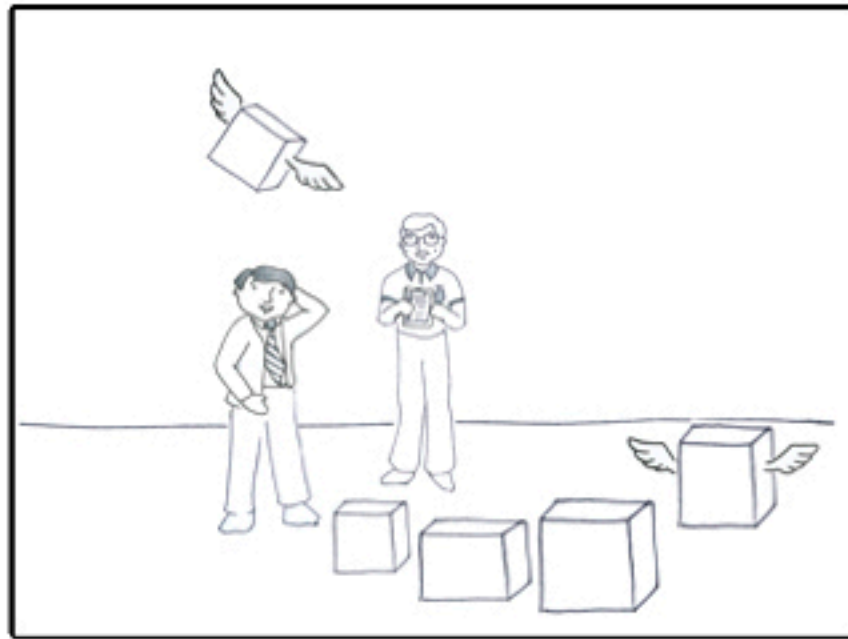

Millbrook makes the heavy lifting

look easy.

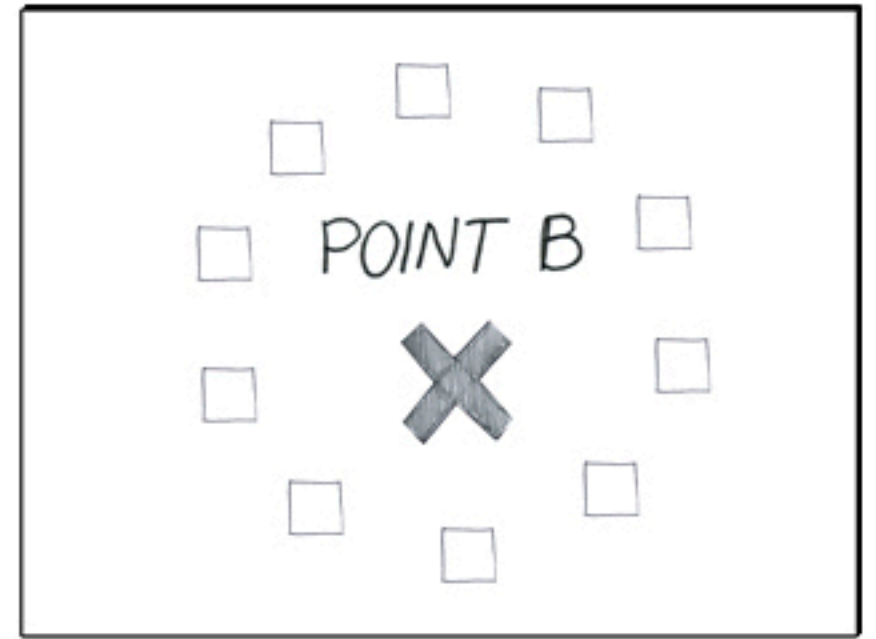

Our integration platform and team...

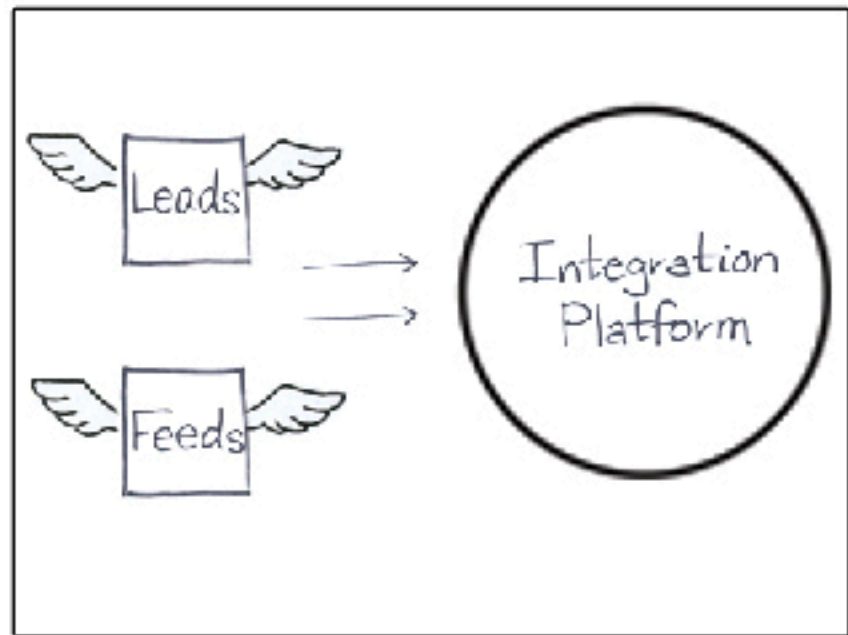

...team of data experts...

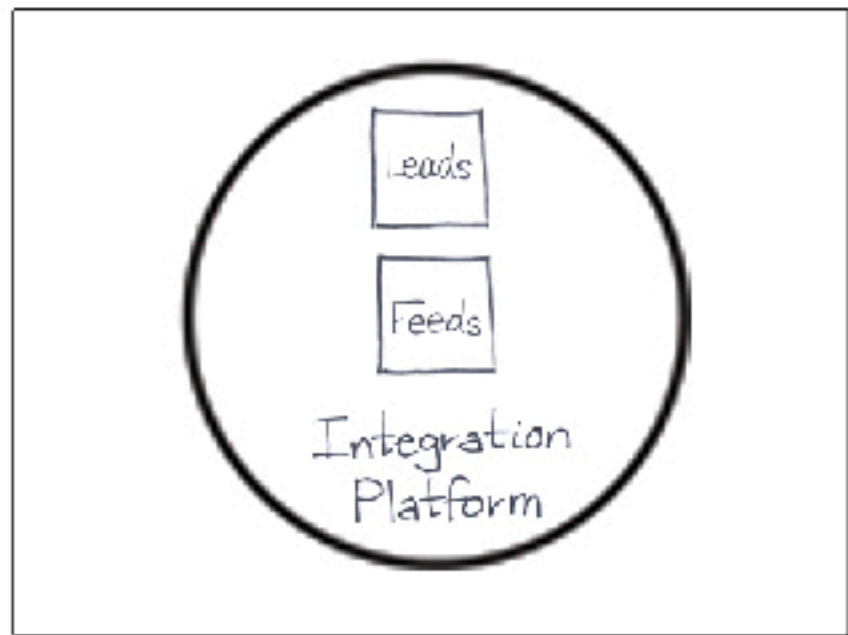

...liberate you from the worry of converting to new systems.

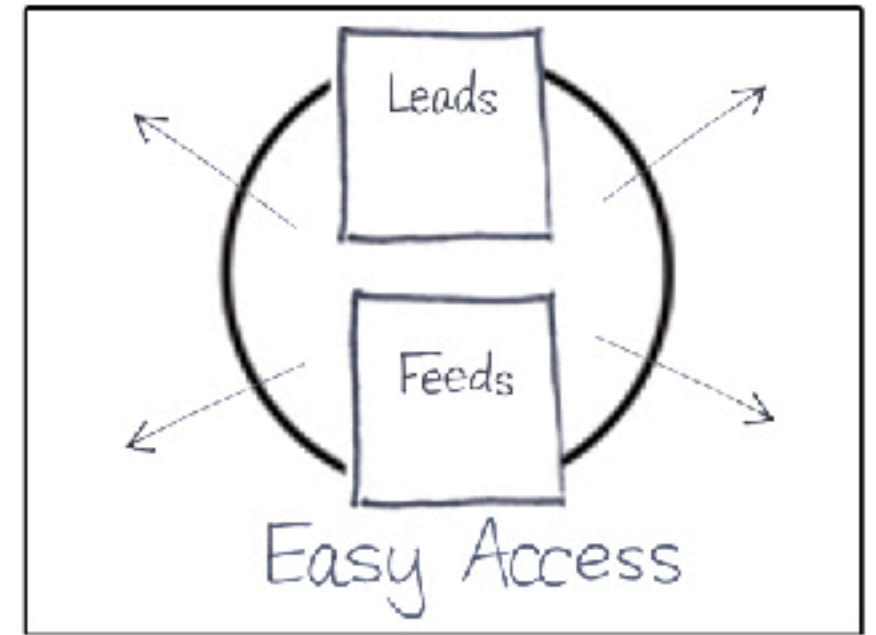

We have the platform, the plan... to a new safe place, our data hub.

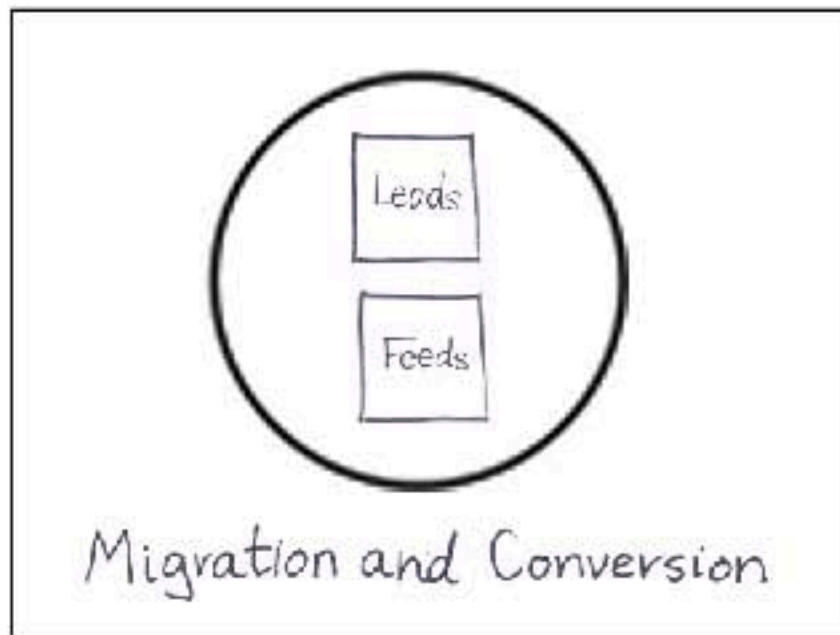

Millbrook migrates all leads and feeds to a common....

re-usable integration platform.

We make sure your data is easy to access...

...both before and during migration and conversion.
